Dear Sir:

Owing to a deep arroya, it would be almost impossible to make a 660' location, therefore, in my opinion Byrd-Frost should be allowed to drill their well at the above described location which is, 2310' from the East line, and 990' from the North line of Sec. 22, Twp. 29N, Range 8W, San Juan County.

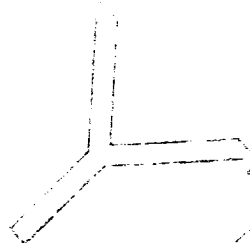

Very truly yours,

Al Greer
Oil and Gas Inspector Dist. #3.
