Dear Mr. Barnes:

In reply to your letter of October 17, regarding our application for your approval of unorthodox location.

We wish to advise that the well is a Mesa Verde test, and the necessity for the unorthodox location is based on topographical conditions, and the ownership of all oil and gas leases within a radius of 660 feet of the proposed location is common with the ownership of the oil and gas leases under the proposed location.

All offset acreage is owned by Byrd-Frost, Inc.

Very truly yours,
Byrd-Frost, Inc.
