| | <input type="checkbox"/> Change Plans | <input type="checkbox"/> Plug and Abandon | <input type="checkbox"/> Temporarily Abandon | |
| | <input type="checkbox"/> Convert to Injection | <input type="checkbox"/> Plug Back | <input type="checkbox"/> Water Disposal | |

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On February 10, 2000, Amoco Production Company submitted for your approval a Sundry Notice of our intent to plug and abandon the subject well. Amoco has since instituted a policy whereby each wellbore will be more closely reviewed to determine if an attempt may be made to restore it back to production status either in the existing zone or uphole and avoid premature abandonment of possible reserves. Amoco, therefore, request permission to maintain this wellbore in a shut-in status pending the wellbore review which we anticipate will be completed for all wells in the San Juan Basin in the 4th quarter of this year. If review indicates no potential exist for this well we will resubmit plugging procedure for your approval.

Electronic Submission #2933 verified by the BLM Well Information System for AMOCO PRODUCTION COMPANY Sent to the Farmington Field Office
