13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be files within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On February 10, 2000, Amoco Production Company submitted for your approval Notice of Intent to plug and abandon the subject well. Approval was granted March 13, 2000. On July 26, 2000, Amoco submitted an amended NOI requesting a change in the previously approved plugging procedure. This request was approved on August 7, 2000. This is to advise as of this date the plug and abandonment process has not been initiated. It is our intent to first make an attempt to restore the well to production within the 4th Qtr of this year. If this attempt proves unsuccessful then we will procede to plug and abandon the well as per the NOI submitted on July 26, 2000. We therefore request an extention to the original plugging NOI in order to allow for an attempt to be made to restore the well to production.
