RE: Acreage Dedication Plat
(Form C-102) for the Roelofs No. 1

Dear Sir:

In the attached letter of August 10, 1978, it was indicated that Tenneco did not plan to communitize the subject well. Our land and legal departments have since reversed this position and informed me that the Roelofs No. 1 will be communitized.

When the communization process is complete, an updated C-102 will be forwarded. We appreciate your assistance in this matter and regret any inconvenience this oversight may have caused.

Yours very truly,
TENNECO OIL COMPANY

Re: Acreage Dedication Plats (Form C-102)
for the Roelofs No. 1 and the Horton
No. 1, San Juan County, New Mexico

Dear Sir:

During an August 2, 1978, phone conversation you confirmed to Bruce Richards that allowable requests (Form C-104) for the subject wells would not be approved until acreage dedication plats were submitted showing final disposition of communitization activity.

Please be advised that the Roelofs No. 1 will not be communitized. Communitization of the Horton No. 1 is still in progress. A C-102 for this well will be forwarded as soon as possible.

Yours very truly,
TENNECO OIL COMPANY
