If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On January 9, 2001, Amoco Production Company submitted for your approval a request to delay the plug and abandonment of the subject well. Approval was granted on January 11, 2001 and was set to expire on May 1, 2001. The proposed attempt to restore the well to production has not been initiated. We still intend to proceed with our attempt to restore the well to production, however, we anticipate this to occur within the 4th QTR of this year. If this attempt proves unsuccessful then we will proceed to plug and abandon the well as per the procedure previously submitted and approved. We, therefore, respectfully request an additional extension to the original plugging approval in order to allow for this attempt to restore this well to production.

14. I hereby certify that the foregoing is true and correct.
