Re: Application for Unorthodox Location
Vandewart B-1E, 1950'FNL, 1425'FEL
Sec 14, T29N, R8W, San Juan, New Mexico

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with a sketch of the surrounding conditions and an ownership plat for the above referenced well.

This well was originally to be staked at 1750'FNL and 790'FEL. It had to be moved due to proximity of other well locations, pipelines and topographic conditions. The proposed location is the only acceptable site for this well.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of Rule 104-F we respectfully request your approval of an exemption to the standard well location requirements.

Yours very truly,

TENNECO OIL COMPANY
