Re: Mims-State #1 Well

Mr. Emery C. Arnold
New Mexico Oil Conservation Commission
P. O. Box 697
Aztec, New Mexico

Dear Sir:

Your letter of September 29, addressed to my attention at Farmington, New Mexico, has been forwarded to me.

We called Mr. Mims on the telephone this morning and was advised that he had filed Form C-110 on his State No. 1 well, located in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, T-29-N., R-9-W., Blanco field, San Juan County, New Mexico, showing Southern Union Gas Company as "transporter" and also showing "change in operator" to Southern Union Gas Company.

In view of the above, we are returning the Form C-110 dated September 24, 1953, which you returned to us, showing "change in transporter" from Southern Union Gas Company to Southern Union Gathering Company. If this is not the correct procedure, please advise.

Mr. Mims stated that he did not file Cal04 on this well, and we attach four copies of same, which we trust is in order.

Forms C-110 and C-104 are made up on the Exploration Department of the Dallas office, therefore, all correspondence should be directed to the Dallas office and not the Farmington office. It will be appreciated if you will have your mailing list indicate this.

Yours very truly,

A. M. Wiederkehr
