NEW MEXICO OIL CONSERVATION COMMISSION PACKER SETTING REPORT

I, Curtis L. Crenshaw , being of lawful age and having	; full
knowledge of the facts hereinbelow set out do state:	
That I am employed by Welex A Division Of Halliburton Co. in the capacit	ty of
Asst. Dist. Manager , that on 18th. August , 19	65
I personally supervised the setting of a Baker Model "D" Prod. Packer	
in Tenneco Oil Co., Florance Operator of well Lease name	,
Well no # 22 located in the Basin Dakota fi	ield,
San Juan county, state of New Mexico, at a subsurface depo	th of
6.910 ¹ feet, said depth measurement having been furnished m	ie by
Field Wire Line Equipment # 2018	;
That the purpose of setting this packer was to effect a seal in the annular space between strings of pipe where the packer was set so as to prevent the commingling, in the bore of this to	
of fluids produced from a stratum below the packer with fluids produced from a stratum above	c the
packer; that this packer was properly significantly because the second of the second o	ejejkojc
