13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompletable horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletable in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Amoco Production Company respectfully request permission to maintain the subject well in a shut in status pending our well by well review to determine if an attempt may be made to restore it back to production status either in the existing zone or uphole. We anticipate completion of well review in the 4 QTR of this year. If review indicates no future potential exist for this well we will submit plugging procedure for your approval.

14. I hereby certify that the foregoing is true and correct.
