13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depth for all markers and zones pertinent to this work.)\*

D. J. Simmons Company proposes to complete this well in the Chacra/Lewis formation and co-mingle the Mesa Verde production with the Chacra/Lewis production. Production allocation will be accomplished by comparing the new production rate with the historical decline on the existing Mesa Verde completion.
