RE: Application for Unorthodox Location
Tenneco Hamner #11, 1190' FSL, 2130' FEL
Sec. 20, T29N, R9W, San Juan, NM

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with a sketch of the surrounding conditions and an ownership plat for the above referenced well.

Due to steep topography, the well location was placed where it does not meet State spacing requirements. The proposed location is the only geologic and topographic site acceptable

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of Rule 104-F we respectfully request your approval of an exemption to the standard well location requirements.

Yours very truly,

TENNECO OIL COMPANY
