Gentlemen:

April of 1982 was the last time a C-115 report was submitted showing the pool name for the above referenced well. We request that you submit corrected reports from May 1982 thru the present, so that we can update the production information on this well for our records. C-115 originals go to Santa Fe and a copy comes to this office.

If you have any questions, please contact this office.

Yours truly,
