Mr. W. B. Macey, Chief Engineer
125 Mabry Hall, Capitol Building
Santa Fe, New Mexico

Dear Mr. Macey:

Pacific Northwest Pipeline Corporation is requesting permission to drill a Mesa Verde well on an unorthodox location. The unorthodox location is staked 1560' from the North line and 2200' from the East line of Sec. 30 T30N R7W, Rio Arriba County, New Mexico. This request is being made because of the severe topography and the excessive cost involved in building a road to and leveling an orthodox location. Pacific Northwest Pipeline Corporation holds leases on the entire acreage of Sec. 30 T30N R7W.

Very truly yours,

PACIFIC NORTHWEST PIPELINE CORPORATION
