DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Casing was shot off at 2180' and pulled from hole.
Stub was cemented off ~~at~~ with a 100' plug. Hole was filled with mud to within 60' of surface and a 20' plug set in 9 5/8" surface casing together with dry hole monument of 4 1/2" X 4' case

Location had been graded and pits filled.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company Fine Casing Pulling Co.
