El Paso Natural Gas Company
P. O. Box 990
Farmington, New Mexico 87401

Gentlemen:

El Paso Natural Gas Company is the operator of the No. 6 San Juan 30-5 Unit well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 19, T. 30 N., R. 5 W., and the No. 7 San Juan 30-5 Unit well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 29, T. 30 N., R. 5 W., both in Rio Arriba County, New Mexico, on Federal oil and gas lease Santa Fe 078740. The No. 6 well was completed December 30, 1953, and the No. 7 well was completed February 14, 1954. Neither well has produced commercially. Sundry Notices submitted in November 1971 for each of the wells advised that investigations for casing leaks in the wells would be conducted. No reports regarding these investigations have been received.

Temporary abandonment of any well under jurisdiction of the U.S. Geological Survey must now receive formal approval. Such approval may be granted, for a period not to exceed one year, provided reasons for temporary abandonment are deemed adequate.

In order to comply with new guidelines for temporarily abandoned wells, please submit an original and four copies of Sundry Notice (form 9-331) for each of the above wells requesting approval of their temporary abandonments. These requests should set forth the present status, date of last production, reason for requesting temporary abandonment, and future plans for the wells including approximate dates of planned workovers or plugging operations.

Sincerely yours,

Jerry W. Long

Jerry W. Long
District Engineer

1. The first of these is the fact that the majority of the population of the United States is of European descent. This is a fact which is often overlooked in discussions of the Negro problem. It is a fact which is of great importance in the study of the Negro problem, for it is a fact which is of great importance in the study of the Negro problem.

1. The first step in the process of identifying a problem is to determine the nature of the problem. This involves a thorough understanding of the situation and the factors that may be contributing to the problem.
