17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

It is requested that the subject well be classified as temporarily abandoned until an evaluation can be made into the feasibility of reworking the well. The bradenhead and surface equipment will be checked periodically to ascertain the condition of the well does not change in a manner which would indicate damage or communication of foreign fluids from one zone to another is occurring.
