17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Due to collapsed casing at 2125' this well could not be worked over. It is intended to plug and abandon this well as follows:

Pump 66 sacks cement down bradenhead.

Spot a 84 sack cement plug down tubing at 2125'.

Spot a 50 sack cement plug in top of 7" casing with a P & A marker.

Clean and level location.

Note: Verbal approval was given to plug this well on 11-9-69.

18. I hereby certify that the foregoing is true and correct
