**Attention: Mr. R. L. Hamblin**

**Gentlemen:**

I am returning your application for administrative approval of a non-standard gas proration unit in the E/2 of Section 13, Township 30 North, Range 6 West, NM4PM, Rio Arriba County, New Mexico.

In view of the fact that the unit which you intend to form has already been placed within the unit area of your San Juan 30-6 unit, it is the opinion of this Commission that the administrative approval of this unit is unnecessary. This Commission feels that the question of any and all proration units formed or to be formed within the described unit area of your San Juan 30-6 has been taken up by the Commission at the time of the original hearing regarding the formation and creation of your San Juan 30-6 Unit.

It is the intention of the Commission to issue a memorandum in the near future which will outline the necessary steps to be followed in the creation of proration units within previously defined unit areas.

Very truly yours,

*C. M. Rieder*
