(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting; any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The subject well was Temporarily plugged and abandoned by squeezing the open hole section below a retainer with 150 sacks of cement. A 50 sack cement plug was placed over a casing leak from (2350-2450').

It is planned to Permanently Plug and Abandon in the following manner:

Determine the free point of 7" casing shoot off and spot a 50 sack cement plug on the casing stub. Spot a 25 sack cement plug at the base of the surface pipes.
Place a 15 sack cement plug at the surface.
Install a dry hole marker and clean up the location.

18. I hereby certify that the foregoing is true and correct
