Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 30-6 Unit #89A at 1390' from the East line and 1190' from the South line of Section 36, T-30-N, R-6-W, Rio Arriba County, New Mexico.

Steep cliffs with rock slide areas in the southeast corner of this short section makes it impossible to build an orthodox gas well location.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

Plats showing the proposed well location and the terrain of Section 36, along with an ownership plat, are attached.

Yours truly,

D. C. Walker  
Project Drilling Engineer
