Dear Mr. Loos,

The intended location of the above well, 250' FNL, 1060' FWL, is not in accordance with Rule 104 of the Rules and Regulations of the Oil Conservation Division. Please refer to paragraph F of Rule 104 and file an application for approval of the above location, sending two copies to this office and two copies to the Santa Fe office.

If there are questions, please contact this office.

Sincerely,

Frank T. Chavez  
Deputy Inspector, District #3
