(Note: Report results of multiple completion on Well
Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

This well is currently non-productive. We intend to plug and abandon this well, using the following procedure.

Circulate hole with 9# mud.

Use 49 sx. inside 4 1/2" casing to set plug from 50' below bottom perf to 50' above top of ~~Blanco Pic.Cliffs~~ (3936-3250).

Shoot 4 holes at 279'. Squeeze from 279' to surface with 153 sx.

Use 4 sx. inside 4 1/2" casing to set plug into 50' of casing.

Cut off casing and set dry hole marker 4' above wellbore.

Restore location.

Due to current economic conditions, it is requested that the time limit for completing plugging and abandonment procedures be delayed for one year.
