Re: San Juan 30-6 Unit #402
SW 15, T-30-N, R-7-W
Rio Arriba County, New Mexico

Dear Frank:

It is intended to production test this well starting April 17, 1986 for seven to ten days. Production tests will consist of varying back pressures and flow rates to determine the optimum potential of this well. Gas and fluid volumes will be measured through a test unit, and the gas vented.

Sincerely,

G. W. Brink
Regional Drilling Engineer
