MALLON OIL CO

C-104 is approved for Cabresto Canyon San Jose. East Blanco PC & Cabresto Canyon Ojo Alamo are S.I. with a CIBP@3000. Producing all 3 zones without a DHC order and or MC approval will result in cancellation of the C-104 and S.I of the well.

File a subsequent sundry when the CIBP is removed with DHC Order or MC approval.

Thanks,
Dorothy
