RE: Request for Administrative
Approval of an Unorthodox Location
Jicarilla 459 #5
1165' FSL & 460' FEL
Section 19, T30N, R3W
Rio Arriba County, New Mexico

Dear Mr. LeMay:

We request administrative approval of an unorthodox location for our Jicarilla 459 #5, Pictured Cliffs formation gas well, located 1165' FSL & 460' FEL, Section 19, T30N, R3W, in Rio Arriba County, New Mexico. This well staking is 330 feet too close to the section line separating Section 19 and Section 20. You will note from the enclosed topographic map that there is no other area for an economically buildable location in this quarter section due to the rough topography. Also enclosed is a lease map indicating that Robert L. Bayless is the operator of all surrounding 160 acre tracts to this well, as well as a well location and acreage dedication plat for this well.

If you need any further information in this regard, please advise.

Yours truly,

Kevin H. McCord
