Dear Mr. Kataja:

A recent field inspection by personnel from the office reveals that your Company has drilled another well in Section 2-29North-3East, about 40 feet from the Rio Chama #1. This well does not have a Permit to Drill and does not have a Plugging Bond in violation of Rules 102 & 101.

You are hereby directed to cease all drilling, completion or production activities until you come into compliance and until further notice from this office.

Failure to comply may result in fines of up to 1000 dollars per day, per violation.

If you have any questions you may contact me or Mr. Frank T. Chavez.

Yours truly,

Charles Gholson
Deputy Oil & Gas Inspector
