RE: Rio Chama #2, J-02-~~30N~~-03E

Dear Mr. Heyse:

Mr. Frank Chavez has informed me that although the referenced well was only drilled to 362' and released to the landowner as a domestic water well, this office still requires a completion report.

Please complete the enclosed form C-105 through line 23 and formation tops on reverse side and submit original + 4 copies to this office as soon as possible.

Yours truly,

Charles Gholson  
Deputy Oil & Gas Inspector  
NMOCD District III
