Section 25-T30N-R5W

Dear Mr. LeMay:

Phillips Petroleum Company hereby requests administrative approval for an unorthodox well location for its San Juan Unit 30-5 #251. This request for unorthodox location is designed to allow Phillips to move from an unstable, steep hillside at standard location to level and stable terrain. The Unit boundary of the Phillips operated unit is noted (red) on the topo map in relationship to the acreage which will be dedicated to this well (blue), thus evidencing the fact that this is an internal location to the Unit.

A copy of the C-102 and the BLM permit request are enclosed in addition to the aforementioned topo map. If any additional information is required, please advise.

Very truly yours,

PHILLIPS PETROLEUM COMPANY
