☒ Other - Pay add and Commingle

13. Describe Proposed or Completed Operations

It is intended to add the Lewis Shale to the existing Mesaverde formation of the subject well by setting a cast iron bridge plug above the existing perforations and stimulating the zone. The well will then be cleaned out to plug back total depth and tubing landed. The well will then be down hole commingled. A down hole commingle application will be submitted.

14. I hereby certify that the foregoing is true and correct.
