☐ Dispose Water

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Phillips is proposing to lay an above ground gas supply line (2-3/8") from the dogleg connecting the 31-6 #25E to the pipeline to subject well. The line will be laid next to the existing road and there will be no off road disturbance associated with laying and picking up this line. The 31-6 #25E well is located in section 33 of 31-6 and lease number SF-078999. The line will run south and be approximately 1/2 mile in length. The line will be marked and in place for approx. 3 weeks. Work to lay this line is scheduled to being within the week.

Line test pressure - 500 psi.
Line operating pressure - 350 psi.
Approximately 1/2 mile line.
