Mr. Mike Stogner  
Oil Conservation Division  
2040 South Pacheco Street  
Santa Fe, New Mexico 87505

Dear Mr. Stogner:

Mallon Oil Company is requesting an unorthodox location for the Jicarilla 459-17 Well No. 10 (1850' FNL, 759' FWL, Unit ~~E~~ Sec. 29, T30N, R3W, Rio Arriba County, New Mexico. *m 17*

Mallon Oil Company is the only offset operator to the acreage involved. Topography is the main cause for the placement of this well site. Originally the well was staked to the northeast. The location was change at the "on-site" because the acreage to the North and East was used for grazing cattle and hay production. The surface leaseholder would not negotiate for surface damages. The relief in the remaining quarter quarter section was too prohibitive.

Please contact me at (505) 885-4596, if any additional information is needed.

Sincerely,

Duane C. Winkler  
Operations Manager
