RE: San Juan 30-4 #43 - Accept downhole commingle applications & allocation factors

Dear Mr. Brink:

The San Juan 30-4 #43 well was reviewed for downhole commingling of the Mesaverde/Pictured Cliffs formations in the San Juan 28-6 Unit D. After reviewing the production history for this well, we concur with the allocation factors established for gas in your application. The effective date is the date that downhole commingling actually occurs. The well and the approved allocation factors are listed below.

Well Name	Lease	Location	API#	Formation Allocation	Formation Allocation
San Juan 30-4 #43	NMSF078485B	sec 17, T30N, R4W	3003926319	MV gas 48 % Oil	PC gas 52% oil

If you have any questions, please contact Adrienne Garcia at (505) 599-6358 or the undersigned with this office at (505) 599-6367.

Sincerely,

/s/ Jim Lovato
