Dear Sir:

We have received a copy of the Notice of Intention to Drill from the U.S.G.S. Office in Farmington on your #1 Magnolia-Navajo well, located 330 feet from the South and East lines of Section 32-29N-16W.

We note that you have spaced the well according to the oil well spacing rules but have dedicated 160 acres, which would be a correct acreage dedication for a gas well.

Will you please re-submit Form C-128 dedicating 40 acres to this well, which would be the proper dedication for a ~~well~~ oil well.

Yours very truly
