RE: State Well No. 4  
Sec. 32-29N-9W

Dear Sir:

Reference your letter of March 12, 1957, regarding subject well.

Please be advised that this well has not been drilled, for the reason that during 1956 we were unable to come to terms with all the working interest owners in the proposed unit; however it is believed at this time this location will be drilled sometime during the first half of 1957.

The above was set out in our Proposed Development Program for 1957, submitted December 31, 1956, to the Commissioner of Public Lands and also to the Oil Conservation Commission.

If further information is desired, please advise.

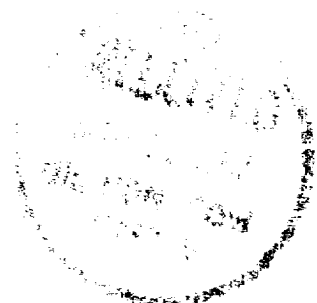

Very truly yours,

DELHI-TAYLOR OIL CORPORATION
