1392 First National Center
Oklahoma City OK 73102

Re: Gallegos Canyon Unit #2; K-35-29N-12W

Dear Mr. Montin:

The referenced well was drilled in 1951 and left unplugged with 1200 feet of open hole. When we last talked on the telephone on November 12, 1982 you stated that you were going to contact Mr. Albert Greer, Jr. to plug the well for you. As of this date we have not received any reports from Mr. Greer.

I am enclosing some form C-103's and an acceptable plugging program for your use. If we do not receive an intent to plug and abandon the referenced well within thirty days we will initiate legal proceedings to order the well plugged.

If you have any questions please call this office.

Yours truly,

Frank T. Chavez
District Supervisor
