Re: Gallegos Canyon Unit Number 2
K-35-29N-12W.

I am in the process of getting the legal work done on the committed area of the above mentioned well.

If I receive the mineral rights I anticipate completing the well to the Farmington sand.

Have talked to Mr Greer and Mr. Steabs and would like a ninety (90) day moratorium at which time I anticipate taking over plugging or completing and posting a plugging Bond.

Please advise if more information is needed.

Sincerely;

E. Earl Hickam
