HOBBS, NEW MEXICO

December 18, 1959

Mr. Emory Arnold
Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New MexicoRe: Southwest Production Co.
Callow Federal No. 1
Sec. 33 T29N R13W

Dear Mr. Arnold:

I am enclosing various forms on the oil completion on the SOUTHWEST PRODUCTION CO., requesting an allowable on the Gallup zone. If there is anything wrong with these, or we need anything further to obtain an oil allowable, please call me collect, as we would very much like to have an allowable on this well for December. I am sorry to send you such "beat up" reports on the Packer Leakage test, but this is all I had, and if photostats are not acceptable, I will furnish other copies.

As this is my first venture into the northwest, I am finding it very interesting, and it has certainly been made moreso by the plesant and courteous attention I have received from you and your staff. Perhaps next time I won't be such a nuisance.

I will appreciate it if you will have my name put on the mailing list for the San Juan Oil proration schedule, or whatever is published. And if you will call me collect when an allowable is assigned, I will appreciate it, then I can let McWood know and possibly we can get rid of some of the oil this month.

Thanks again, and merry Christmas.

Cordially,

Helen Smith
