Re: Proposed DC-381

Attention: Mr. Quilman B. Davis

Gentlemen:

We are in receipt of your application dated November 22, 1956 for a proposed gas-gas dual of your Aztec-Koch State Well No. 1 in the SW/4 NE/4 of Section 36, Township 29 North, Range 9 West, San Juan County, New Mexico, in the Blanco Mesaverde Gas Pool and an undesignated Pictured Cliffs Gas Pool.

I am referring this application to our district supervisor at Aztec according to Memo 18-56 which is attached as is Order R-824. We have tentatively assigned Administrative Order DC-381 to this application, but Mr. Arnold will handle the tentative approval. You should immediately submit a tentative schematic diagram and proposed perforations to both the Aztec and Santa Fe Offices of the Commission.

We have under separate cover, approved this location as NSL-75, dated this date.

Yours very truly,

A. L. PORTER, JR.

Administrative Order NSL-75

Attention: Mr. Quilman B. Davis

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Aztec-Koch State Well No. 1 to be located 1980 feet from the North line and 2440 feet from the East line and in the SW/4 NE/4 of Section 36, Township 29 North, Range 9 West Blanco Mesaverde Gas Pool, San Juan County, New Mexico.

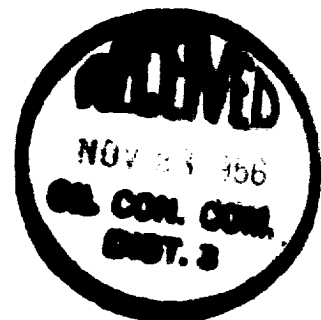

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the NE/4 of said section.

Inasmuch as you furnished waivers from the offset operators, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Section 1 (c) of the Special Rules and Regulations of the Blanco Mesaverde Gas Pool, as set forth in Order R-110 as amended by Order R-397, you are hereby granted an exception to Section 1 (c) of Order R-110 as amended for the above described unorthodox well location.

Very truly yours,

A. L. PORTER, JR.  
Secretary-Director
