Mr. Emery C. Arnold
Oil Conservation Commission
Box 697
Aztec, New Mexico

Dear Emery:

Enclosed are copies of applications filed by us with the Commission at Santa Fe yesterday requesting administrative approval of the gas-gas dual completion and unorthodox location for the Aztec-Koch State No. 1 Well in San Juan County.

A new communitization agreement is being circulated among the working interest owners to approve the dual completion of the well, and these instruments are expected to be completed by the first of the month, after which they will be filed with the State Land Office for approval. It is imperative that we commence drilling this well early in December because of a lease expiration on December 26.

Should you have any questions concerning these applications, please let me know.

With best personal regards, I am

Yours very truly,

B. Davis
