(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

February 15, 1961

Navajo Tribe of Indians "L"

Well No. 11 is located 1980 ft. from N line and 660 ft. from W line of sec. 35

SW NW Section 35 29N 11W NMPM
(¼ Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Cha Cha Gallup San Juan New Mexico
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is - ft. 5830' Ungr. grd.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Rotary drilling equipment will be used to drill to approximately 5650' to the Gallup Sand. Casing Program: 200' of 7-5/8" OD smls casing cemented to surface. Production String: Required amount of 4-1/2" OD casing cemented with required amount of cement. Howco method of cementing will be used. Mud Program: Minimum mud for samples will be used. Electric logs etc. will be run before setting casing or abandonment. Stimulation treatments such as acidizing or fracturing may be employed in completion.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

By COPY (ORIGINAL SIGNED) B. M. BRADLEY
B. M. Bradley
Title Dist. Supt.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the implementation of data-driven decision-making processes. It describes how the organization uses the collected data to identify trends, assess risks, and make strategic decisions that align with its long-term goals.

4. The fourth part of the document discusses the challenges and opportunities associated with data management. It notes that while data provides valuable insights, it also presents challenges such as data privacy, security, and integration across different systems.

5. The fifth part of the document provides a summary of the key findings and recommendations. It suggests that the organization should continue to invest in data infrastructure and training to maximize the value of its data assets.
