Attention: Mr. Emery C. Arnold

Gentlemen:

We have received your letter of December 13, 1955 regarding our Helen Jackson #2 located in A Section 33-T 29N-R 9W, San Juan County, New Mexico.

The 308.71 acres which we show in the east half of the above section was calculated from the most recent Government Survey information available. The Government Survey plat of April 19, 1881 indicates 640 acres in this section and the Government Resurvey plat of July 2, 1952 makes reference to the 1881 Survey for lottings and areas, but we did not use this acreage.

Please advise if we should submit a corrected Gas Well plat showing 320 acres for this 1/2 section in place of the calculated acreage figure based on the 1952 Resurvey bearings and dimensions used on the previously submitted Gas Well Plat.

Very truly yours,

DELHI-TAYLOR OIL CORPORATION
