RE: Lackey #3 --- Unit Letter O Sec. 19, T29N, R09W
Grambling #5 --- Unit Letter P Sec. 27, T29N, R09W

Dear Charles:

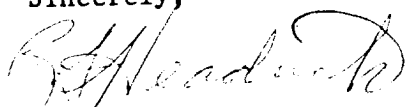

Regarding your letter dated May 31, 1990, we will run 1 1/4 tubing and packer into Lackey #3 within the next two weeks to isolate casing failure. After analyzing the well we will either repair the casing or P & A the well.

We will also P & A Grambling #5 in winter months due to its location in Largo Wash.

If you have any questions or comments, please do not hesitate to contact me.

Thank you.

Sincerely,

Ronald F. Headrick
Production Superintendent
