Dear Sir:

M. Pollock Gas Unit No. 1 located in Unit Letter P, Section 28, T-29N, R-10W was reclassified from Non Marginal to Minimum Allowable (Non Marginal) in the October 1964 San Juan Basin Gas Proration Schedule.

Listed below is a tabulation of the production from this well during previous six month proration period:

<u>Month</u>	<u>Days Produced</u>	<u>MCF Production</u>
February	1	217
March	17	7,926
April	22	7,856
May	18	6,702
June	3	782
July	<u>1</u>	<u>978</u>
Total	62	24,461

In view of the production during the previous proration period, we request that the reclassification to Minimum Allowable (Non Marginal) be reviewed and that the Non Marginal status and allowable be reinstated for subject well effective August 1, 1964.

Yours very truly,

PAN AMERICAN PETROLEUM CORPORATION
