Dallas 1, Texas

Attention: Mr. Williams

Re: Location of Aztec Cain #3,
30-29N-9W

Gentlemen:

There is an apparent conflict in the interpretation of the foot location of the above captioned well.

The Commission records indicate the well to be located 990/S, 2310/W line of Section 30. Since this is a narrow section and the correction line being on the west side I believe the above footages would put this well in unit letter O. The gas well plat, 104 and C-110 filed by your company show this well located in unit letter N.

I would appreciate your decision as to whether the foot locations we have are correct so that we may locate this well correctly and permanently.

Very truly yours,

ELVIS A. UTZ,
Gas Engineer

EAU/ir
