Attn: Mr. Fred Mares

Dear Freddie:

*Two errors have been called to our attention in the June
gas proration schedule.*

*On Page 49 the Delhi #2 Gioni well in 28-29N-9W should
actually be the #2 Hammer well. Delhi says that they
have no #2 Gioni well.*

*On Page 11 under Basin Dakota, "Val R. Reese and Associates"
as operator is inserted 3 or 4 lines ahead of where it should
be, in the midst of some Pan American wells.*

Maybe you had better oil the machine.

Yours very truly

ECA:ks

Supervisor, District #3*
