Administrative Order NSL-170

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Armenta Well No. 1 located 2190 feet from the North line and 820 feet from the East line and in the SE/4 NE/4 of Section 27, Township 29 North, Range 10 West, Aztec Pictured Cliffs Pool, San Juan County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the NE/4 of said section.

Inasmuch as you furnished waivers from the offset operators, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Rule 4 of the Special Rules and Regulations of the Aztec Pictured Cliffs Pool, as set forth in Order R-565-C, you are hereby granted an exception to Rule 3 of Order R-565-C for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
