P-21-29-13

March 5, 1963

Mr. Rodney P. Calvin
Petroleum Club Plaza
Farmington, New Mexico

Dear Mr. Calvin:

Mr. Emery C. Arnold, Supervisor, District No. III, Oil Conservation Commission, Aztec, New Mexico, has referred to me for reply your letter of February 22, 1963, wherein you state that you and Mr. Weldon C. Julander have a partial mineral interest in the E/2 of Section 21, Township 29 North, Range 13 West, NMPM, San Juan County, New Mexico, and request that the Commission refrain from issuing any forms which will authorize production of the Tenneco Oil Company San Juan Gravel Dakota Gas Unit ("A" Well No. 1, located in Unit F of said Section 21).

Please be advised that we are unable to comply with your request as the Commission does not undertake the task of determining questions of title or title disputes. As of this date, Tenneco Corporation, acting by and through its Managing Agent, Tenneco Oil Company, has complied with all the Commission Rules and Regulations and the Commission would have no justifiable basis for shutting the well in. Please allow me to suggest that if you have a valid claim concerning the production from this well your recourse should be with the courts.

I will be happy to answer any other inquiry you may have concerning this matter.

Very truly yours,

JAMES M. DURRETT, Jr.,
Attorney

JMD/esr
