Mr. R. E. Jackson
Farmington, New Mexico

Dear Mr. Jackson:

We are returning Form C-105, "Well Record" which you have submitted on your #1 Davis well in the SW $\frac{1}{4}$ Section 24-29N-11W. Please fill in the formation record on the back indicating geological tops and sign the forms.

We are also unable to determine from your Well Record in which formation this well is completed as you have indicated it is in the Aztec Pictured Cliffs but it appears to be completed in the Fruitland formation. If so it would be in the Aztec Fruitland Pool.

Yours very truly

Emery C. Arnold
