October 25, 1956

Mr. R. E. Jackson
Empire States Drilling Corp.
Box 891
Farmington, N. M.

Dear Mr. Jackson:

We have not received an Initial Production test or an Annual Deliverability test on your #1 Eugene N. Davie well, SW-24-29N-11W.

Our records show that the well started producing July 5, 1956; therefore, a test was due in this office August 19th.

If we do not receive a test in the very near future, we will be forced to send a shut-in notice.

Yours very truly,

A. R. Kendrick
Engineer, Dist. #3
